Kargo

ACCIAIO
Steel

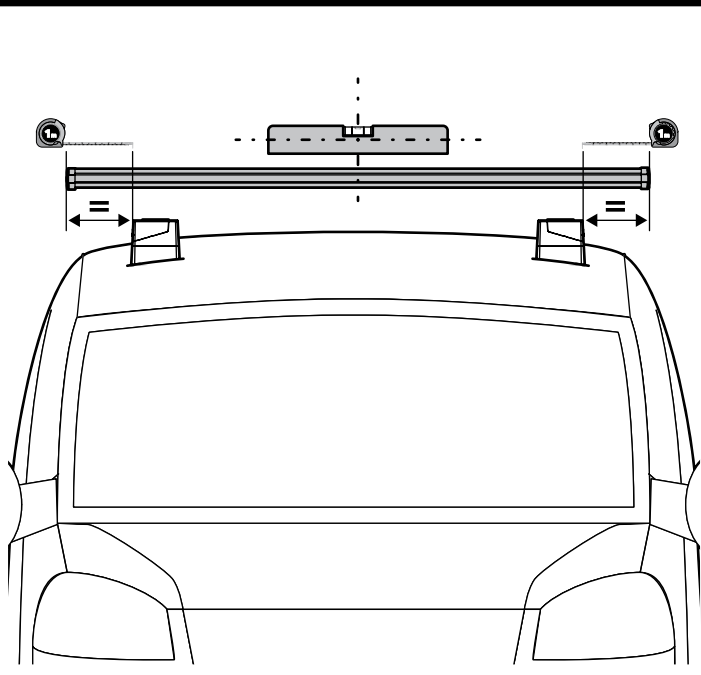

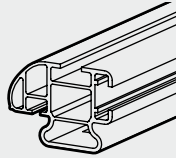

Diagram showing the Kargo steel bar being installed on a car roof. The bar is positioned horizontally across the roof rails. Arrows indicate the distance from the center of the bar to the roof rails. The bar is secured with nuts and washers at each end.

B

Kargo-Plus

ALLUMINIO
Aluminium

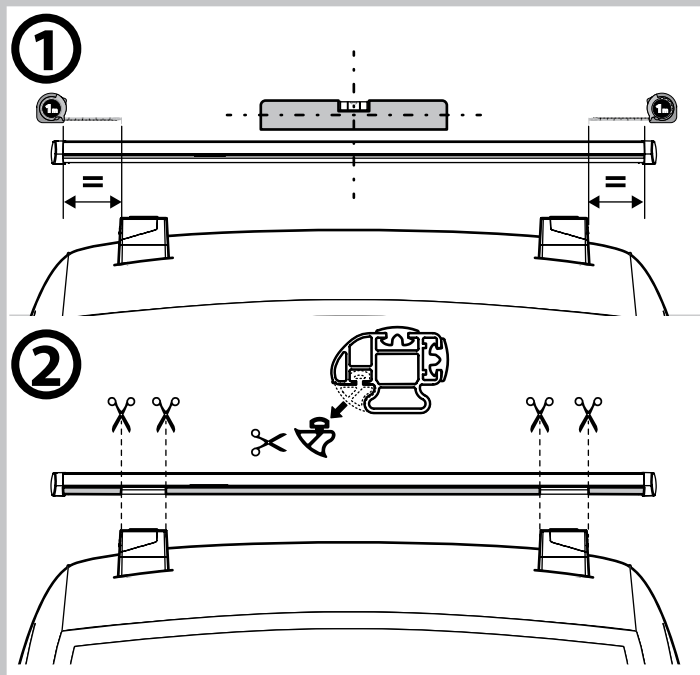

Diagram showing the Kargo-Plus aluminium bar being installed on a car roof. The bar is positioned horizontally across the roof rails. Arrows indicate the distance from the center of the bar to the roof rails. The bar is secured with nuts and washers at each end. The diagram is divided into two steps: 1. Positioning the bar on the roof rails. 2. Cutting the bar to fit the roof rails, indicated by scissors and dashed lines.

6

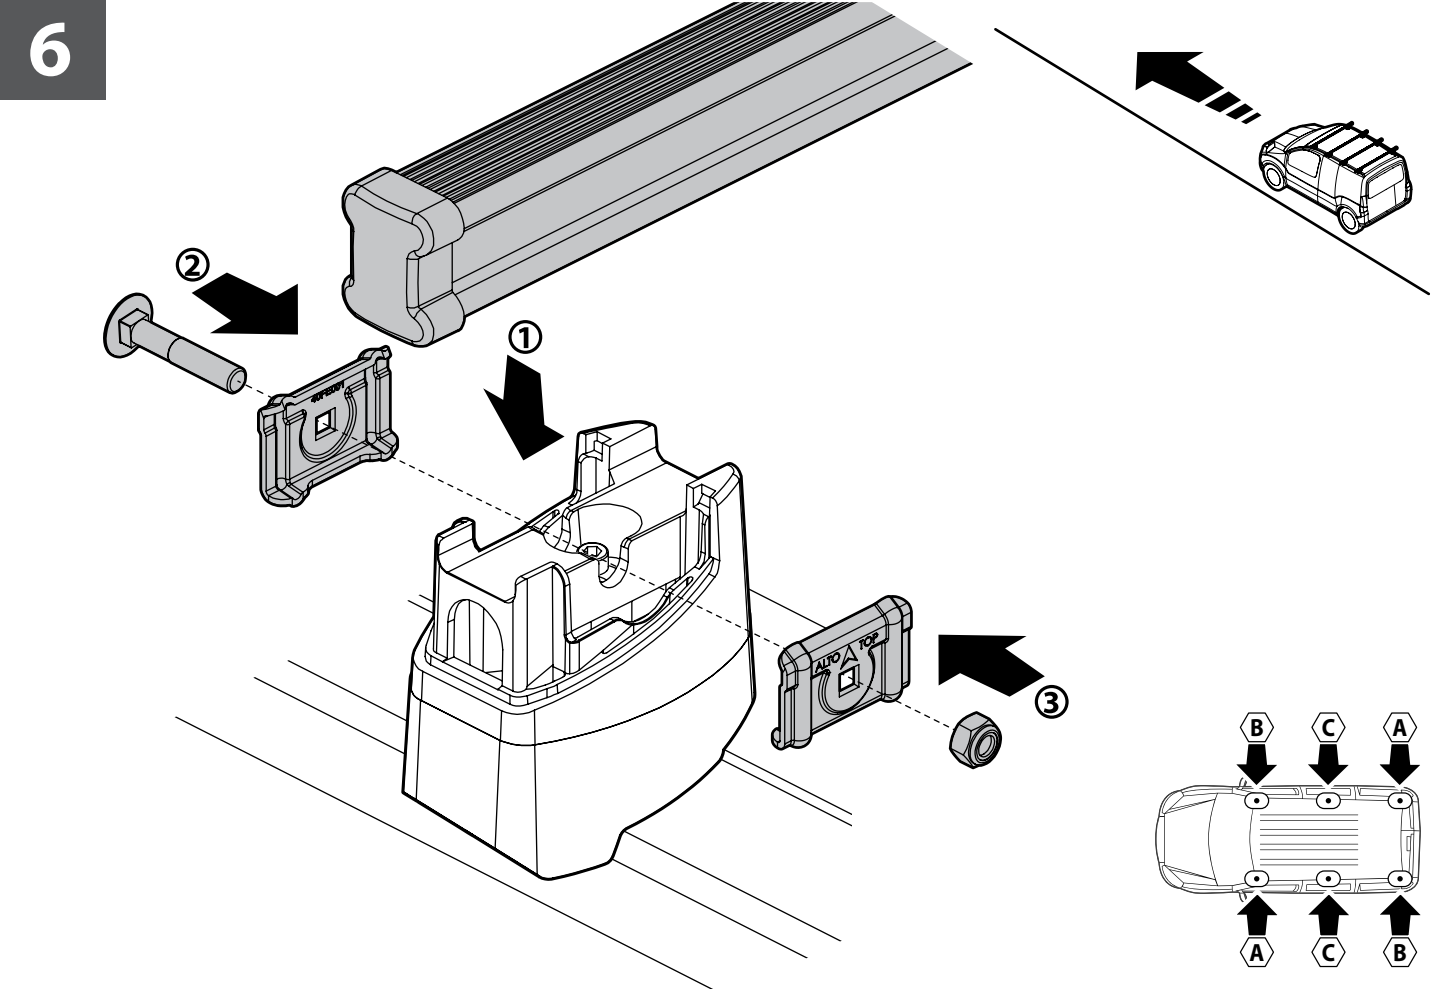

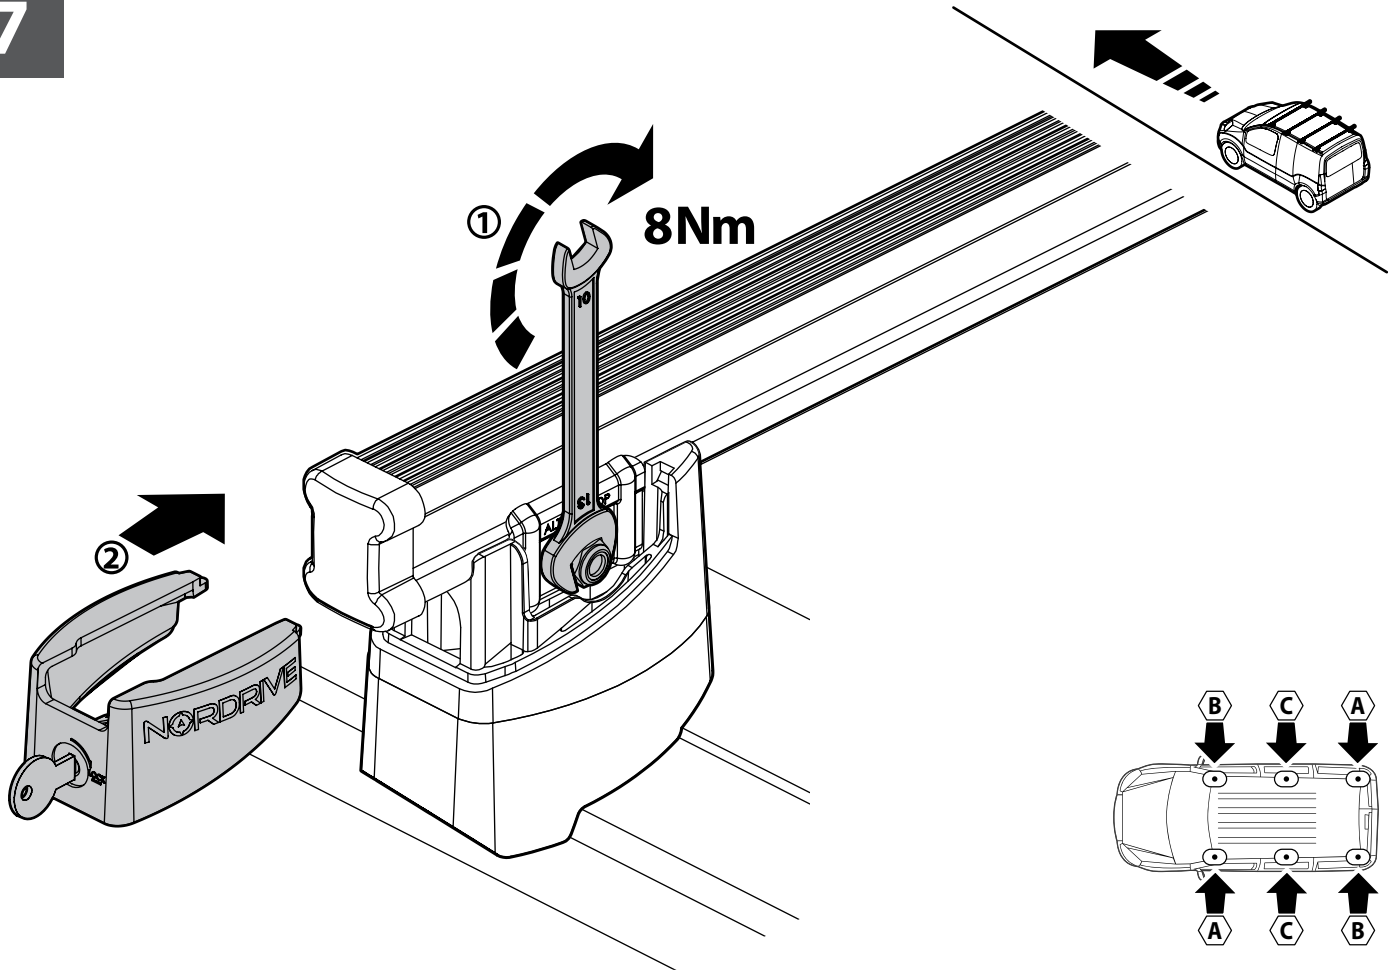

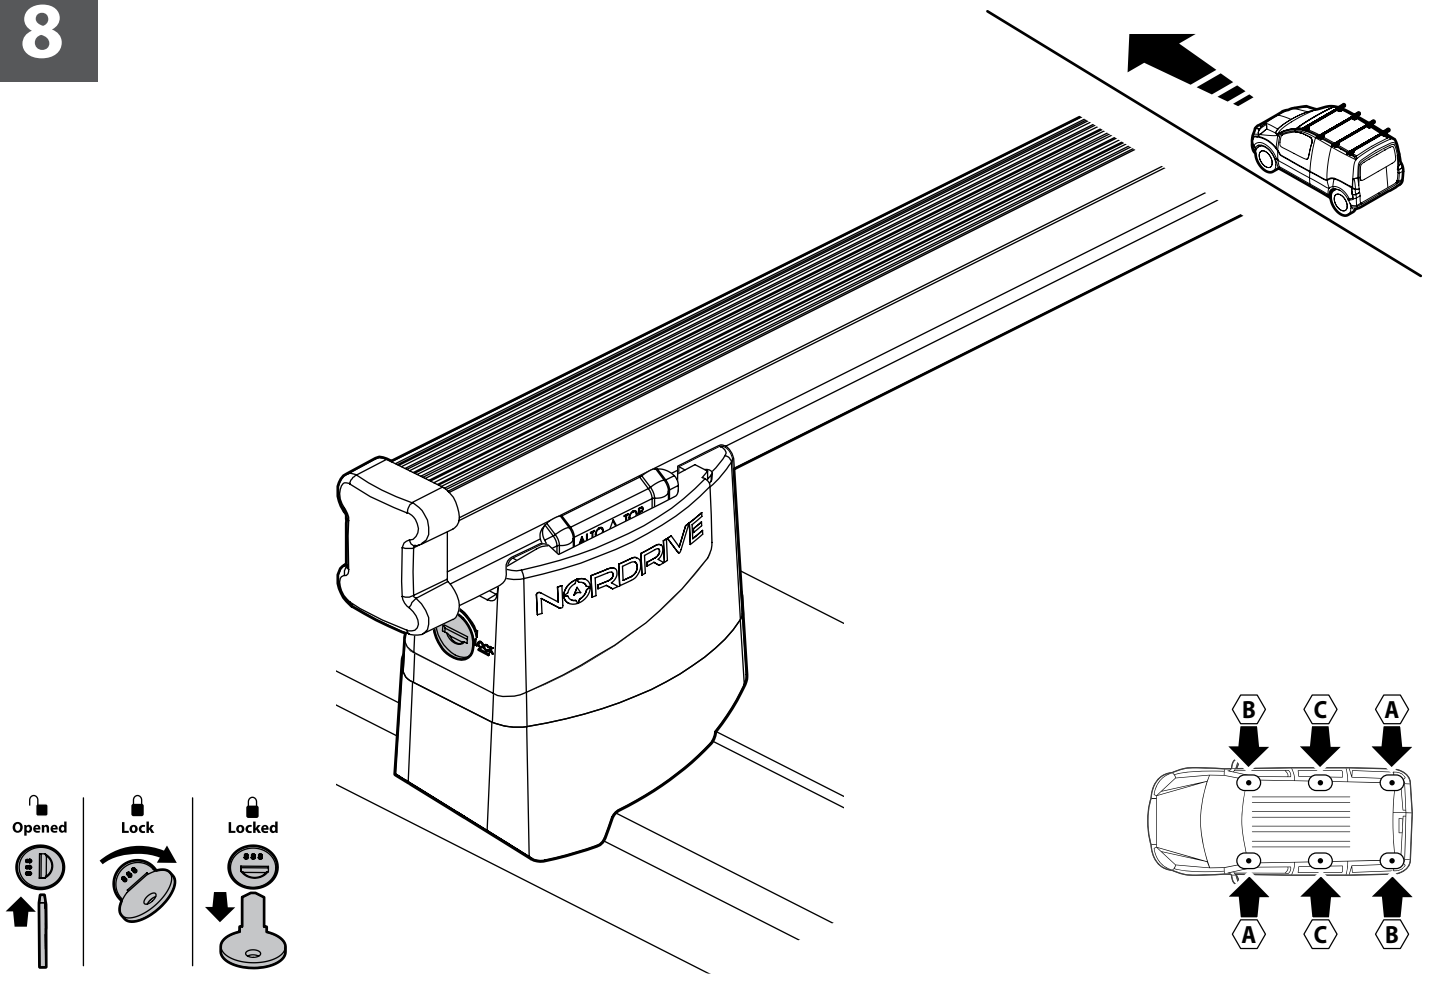

Diagram showing the detailed assembly of the Kargo bar. The bar is shown in a perspective view. The assembly steps are numbered 1, 2, and 3. Step 1 shows the bar being inserted into the plastic housing. Step 2 shows a bolt being inserted into the housing. Step 3 shows a nut being inserted into the housing. A small inset diagram shows the bar being installed on a car roof, with arrows indicating the direction of installation. A top-down view of the car roof shows the positions of the bars, labeled A, B, and C.
